Operating Unit Descriptions

RESET Buttons
Pressing the UP and DOWN buttons simultaneously activates the RESET function. This clears the unit when an abnormality occurs and clears the accumulated flow display to "0".

Unit Indicator
Indicates the selected unit. The type without the unit switching function will have a fixed SI unit (L/min, or L, m³ or m³ x 10³).

Output (OUT1) Indicator
Lights up when OUT1 is ON.

UP Button (▲ Button)
Use when increasing a setting value.

SET Button (● Button)
Use when selecting a function.

Flow Rate Display
Indicates the real-time flow rate, accumulated flow, and set value.

Flow Rate Confirmation Indicator
Indicates the flow rate volume. The blinking intervals change depending on the flow rate value.

DOWN Button (▼ Button)
Use when decreasing a setting value.

MODE Button (● Button)
Use when changing a function.

Error Correction

Take the following corrective actions when errors occur.

LED display	Problem	Corrective action
Err-1	A current of more than 80mA is flowing to OUT1.	Check the load and wiring for OUT1.
Err-3	The setting data has changed due to some influence.	Perform the RESET operation, and set all data again.
----	The flow rate is over the flow rate measurement range.	Reduce the flow rate until it is within the flow rate measurement range, using an adjustment valve, etc.

Operation

Clearing the accumulated value

Press the UP button while pressing the DOWN button.

The accumulated value clears when the buttons are pressed continuously for 5 seconds or more.

Initializing the setting

In the initial setting mode F_0 , press the UP button and DOWN button for 2 seconds or more.

When the SET button is pressed, the setting returns to the factory setting.

Factory setting

Unit setting : /min (U_l)

Switch specification: Real-time switch output (oU_l_0)

Output mode: Inverted output (oU_l_n)

Flow rate setting value: Real-time flow rate Full range median value

Accumulated flow 0

Key lock mode: Unlocked (u_nL)

Flow rate conversion conditions: 20°, 101.3kPa, 65% RH (ANR) (R_nR)
